Philosophy of the Athletic Program Family Christian Academy recognizes the importance of athletic activities in providing students with important opportunities for a total education. These activities teach students' lifetime values such as commitment, discipline, hard work, leadership, teamwork, and physical fitness, all of which are the foundation for academic success. Participation in athletic activities contributes to the physical, emotional and social health of our students and promotes a sense of unity and cooperation among athletes, the student body, and the community.

Our sports teams will always strive to win, but never at the expense of character, healthy attitudes and habits, and good judgment. We will always emphasize excellence, effort, improvement, and respect for coaches, teammates and officials. All Family Christian Academy athletes should be known for their character and class; humble in victory and gracious in defeat. Varsity and junior varsity levels, winning is a goal but is less important than participation and skill development. Regardless of level, however, our athletic program is designed to develop, promote and provide the following: self-esteem, school spirit and pride, good citizenship, sportsmanship, cooperation, higher academic performance, responsibility to self and others, respect, positive role models, healthy lifestyles, team-building, and lifelong wellness. We believe that the sports experience should not only be rewarding but fun.

Family Christian Academy further recognizes the unique roles and responsibilities of its coaches and parents in sports activities. Coaches' and parents' primary roles should be to teach the lifetime values of our sports philosophy and to always lead by example. The FCA athletic programs are an integral part of the school and the community. Their impact is immensely important in promoting a positive school climate because they offer opportunities for adults to interact with our students in meaningful ways not available in the classroom.

Once again, I thank you for taking the time to read through this athletic handbook. I look forward to your support and involvement in our athletic program and if you have any questions please feel free to contact me.

Best regards,

Mike Holland

Dear parents,

Our school will be participating in the Box Tops For Education Program again this year. Clipping Box Tops is an easy way for you to help our school buy what it needs. Box Tops are worth 10 cents each and they add up quickly to real cash for our school. Last year our school, Family Christian Academy, raised \$700. This school year, our school's earnings goal is \$1000.

To help our school, just look for the pink Box Tops on many products, clip them and send them to school in a bag or envelope marked with your teacher's name. For more information on the Box Tops For Education Program, including a list of participating products and our school's progress, visit www.BTFE.Com. While visiting the site, become a member to receive exclusive coupons and recipes and learn about extra ways for our school to earn.

We are looking for a volunteer to lead this activity. It would consist of gathering the Box Tops from each classroom, cut, and mail them in to receive our earnings.

We hope you are excited for everything we can do this year with Box Tops and make this program a huge success! If you have any questions, please do not hesitate to contact the PTO at fcapto@fcaorlando.com

Stanford Achievement Test

All students (K-8th grade) will be required to take the Stanford Achievement Test in September and in March to chart their progress and academic growth throughout the school year.

While we do not put any unnecessary pressure on state testing, we do believe it is another good tool for understanding your child's learning and education. Therefore, we believe it is important to prepare students for this assessment through our current high standards in the curriculum, as well as through the use of practice materials in the spring. These tools have been helpful over the past few years in allowing our students to feel prepared and ready for these valuable assessments. Students attending F.C.A. have a history of scoring above average when compared nationally with other students.

Background Check Policy

Family Christian Academy requires all parental volunteers to complete a background check prior to participating in any school activities. The purpose of the background check is to ensure that Family Christian Academy is a safe and secure environment for students, teachers, staff, and visitors. We encourage all parents to take part in their child's education experience; however, we must do our job to protect everyone on our campus. Parents that do not wish to participate with campus activities such as; field trips, class parties, holiday events, etc. do not have to complete a background check. However, any parents that wish to participate with school events please fill out the Background Screening Form and return it to the office administrator. The \$11.00 processing fee will be billed through your FACTS account. Please note that the background check must be completed at least two weeks prior to the school event you wish to attend.

Thank you for your support,

Family Christian Academy
